Snow Cruisers donate to Keller Foundation

The Keller Family Community Foundation received a sponsorship donation to the Snowball Cancer Challenge 2011 of \$500.00 from the Country Snow Cruisers Inc. of Richmond. The snowmobile club, which is a very active group of people, just finished volunteering their time for a snowmobile safety class for young adults of the community that are ages 12 and over. Pictured are board members Victor Hemmesch, Randy Johannes (President) giving the check to Nick Keller along with Mike Gertken, Charles Reichert DDS, and Steve Heying.

Nick Keller will attempt back to back world records this winter by snowmobiling over 20,494 miles to raise money for support and awareness of people living with cancer. Nick completed 19,506 miles during Snowball Cancer Challenge 2010 and wants to complete a combined total of more than 40,000 miles in 120 days.

Grandpa Jerry's Bar & Grill /River Station will be hosting a Kick-Off & Fundraising Event, Friday, December 17th, 2010 with a pork chop supper, \$10.00

per meal, from 4:30 pm to 10:00 pm. And with entertainment by Max & The Good Ol' Boys. Also the foundation will be selling t-shirts.

Nick's plans are to set off for the 60 day adventure starting after Christmas and will be announced at the Kick-Off Fundraising Event. This year, like last year, you'll be able to follow Nick's journey by going to www.snowballcancer.org and check the Nick's 2011 Blog, and Spot Tracker to see where he is

every ten minutes or so while he is snowmobiling. Other items found on the web site are information of the foundation, grant forms and information, donor list, sponsors that contributed, pictures, media input and much more. Check out the site for more detailed information and keep up with Nick's adventure of a life time for cancer awareness and raising funds to help families suffering with cancer. **PEOPLE HELPING PEOPLE**
